RE: Important Information and Updates Regarding High-School Quadmester 2

She:kon/Sge:no,

I hope that you are all in good health. Our thoughts go out to those of you affected by the COVID-19 pandemic. We hope that you are all feeling better soon.

We thank you for your perseverance, hard work, support and dedication in helping your children participate in our Online/Remote learning program.

The following are some important information and updates concerning Quadmester 2.

EXTENSION REQUESTS

Parents/guardians can request an extension for their children to complete and submit work for Quadmester 2 IF:

- 1) Their child missed class time due to being sick with COVID-19;
- 2) Their child missed class time due to bereavement (loss of a family member, following the 10 days etc.)

The extension request is made by the parent/guardian to each of their children's teachers. The teachers may grant the request and will inform me, the principal of the extension date. Extended due dates are final.

The extension request must be made prior to Friday, January 28, 2022 - the last day of classes for Q2.

LAST DAY TO SUBMIT WORK FOR Q2

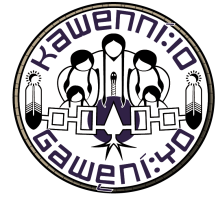

The last day to submit work for Q2 without an extension is Monday, January 31, 2022.

TURN AROUND DAY - PD DAY - NO CLASSES

Tuesday, February 1, 2022

FIRST DAY OF CLASS Quadmester Three

Wednesday, February 2, 2022

Students will log on to www.kgps.ca and go to their Groups. Their Q3 classes will appear there.

EXTENSION OF DESTREAMED MATH COURSE MTH1W TO THE END OF Q3

We have extended the Destreamed Grade 9 math course MTH1W through to the end of Quadmester 3. The course will proceed at a slower pace with accommodations made to assist student learning and to improve student learning success.

In class and one-on-one help is available for all students each day and on Fridays. We need students to be present in class daily.

If you wish to discuss how we can help your child improve their learning success, please do not hesitate to contact me at the school.
